JONES' HOTEL. THE SUBSCRIBER would respectfully inform his friends and the public, that he has purchased the lease and furniture of the JONES HOTEL in Philadelphia. The Hotel was entirely relitted and newly furnished last Spring, important additions will be put in this month, so that the old and well known Jones Hotel will be second to none in the city, as a home for the men of business or pleasure. Charges moeerate, and every exertion will be made to merit a liberal share of patronage. AARON GAGE. 166-1m-30-1y.

BEAUFORT, N. C.
PENDER & PAGE, Proprietors.

THIS LARGE AND COMMODIOUS ESTABLISHMENT is now open for the reception of visitors. The House is located in the most eligible and pleasant situation for a Summer Resort in Eastern North Carolina, being immediately in front of the inlet from the Atlantic Ocean, with not the least obstacle to obscure the view either of "Old Ocean," Core Sound, Bogue Sound, or the Town of Beaufort. As fine FISHING GROUND as the Harbor affords is immediately in front of colorades which surround the Southern and Western portion of the building, affording to the boarders the opportunity of angling without exposure to the sun, while seated under the colorades or from their chamber windows if they prefer, as the House is situated immediately over the water.

The beautiful and varied views, presented to the visitors, from this location, are alone worth a trial of this establishment. The object of the proprietors has been to render this the most attractive resort North or South-nature and climate having been most bountiful to this favored spot, leaving but little to art to improve.

The proprietors have added to the establishment

BATHING HOUSES, sufficiently large to swim in, and so situated that baths can be taken at any hour, for the accommodation of ladies and gentlemen, who wish to indulge in this pleasant and healthy pastime. To invalids, bathing in salt water is undoubtedly conducive to the health. Should persons prefer it, they can bathe in the ocean, serf or sound, immediately contiguous to where Fever and Ague prevails, everybody should have it and really both for ourse and protection. It is hoped

Drugs, Medicines, Paints, Oils, &c.

A GRAND VIRGINIA DISCOVERY. COME FOUR MONTHS SINCE, our excellent townsman, NAPHTALI EZERIEL, informed us that he had prepared a hair restorer with which he was experimenting upon his own since, and on the place so bald four months since, a fine crop of hair has sprung up with a vigorous growth. So convinced is Mr. EZERIEL of the efficacy of his discovery that he has named it "THE INFALLIBLE VIRGINIA HAIR RESTORER." Mr. E. is about going into an extensive manufacture of an article which is destined to prove of anxious interest to our bald pated friends .- From Richmond Enquirer, December 12th, 1859.

This famous article can now be had of the principal Drug-gists. Those persons who desire a fine head of hair, have only to use the restorer according to printed directions on the bottle. Those who have any doubts of its efficacy, can have them removed in a short time, by using the INFALLI-BLE VIRGINIA HAIR RESTORER, proving that it is all that it is claimed to be.

Wholesale depot for orders, 69 Main Street. N. EZEKIEL.

I. N. EZEKIEL, take oath on the Holy Bible, that I have been bald for the past 12 years, and have restored my kair by using EZEKIEL'S VIRGINIA HAIR RESTORER. NAPHTALI EZEKIEL.

This day sworn to before me, by Naphtali Ezekiel.

Joseph Mayo, Mayor of Richmond.

WM. H. LIPPITT, sole Agent for Wilmington, N. C.

Jan. 14th, 1860-111-1t-21-12m. AYER'S AGUE CURE,

FOR THE SPEEDY CURE OF Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, and Billous Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of mlasmatic countries. No one remedy is louder called for by the necessities of he American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its ise in any quantity.

That which protects from or prevents this disorder must e of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system and prevents the develop ment of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in bilious districts, where Fever and Ague prevails, everybody should have it where Fever and Ague prevails, everybody should have it where Fever and Ague prevails, everybody should have it to surrender himself to his master, or other lawful authority; bathe in the ocean, serf or sound, immediately contiguous to the House.

We have a STEAMBOAT that will always be in readiness to convey passengers from Morehead City, the terminus of the A. & N. C. Railroad, to the Atlantic House, making also daily excursions about the Harbor.

Where Fever and Aguz prevails, everybody should have it some and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well ass the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, daily excursions about the Harbor.

Where Fever and Aguz prevails, everybody should have it hands and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well ass the rich. A great superiority of this remedy over and use it freely both for cure and protection. It is hoped this proclamation to be published at the Court House door, and two other public was expected. O. Jennings Wise appeared for his father, and said nothing but illness causabout 200 acres more to clear, all heavy growth Swamp diately return to his master, it is lawful for any one to capabout 200 acres more to clear, all heavy growth Swamp diately return to his master, or other lawful authority; and we do hereby order this proclamation to be published at the Court House door, and two other published at the Court House door, and two other published at the Court House door, and two other published at the Court House door, and two other published at the Court House door, and two other published at the Court House door, and two other published at the Court House door, and two do hereby order this proclamation to be published at the Court House door, and two do hereby order this proclamation to any down of the well-known Junifer and the court effects whatever upon the constitution. Those cured by it is well adapted to the production of Corn, Peas. Cotatoes | seals this 8th May, 1860. are left as healthy as if they had never had the disease. matic poison. A great varity of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put Stomach, all of which, when originating in this cause, put adapted to Corn, Peas, Pumkins, &c. indicate as best calculated to advance the interest of the

WM. W. HOLDEN, Esq. RAILBOAD PROGRESS IN THE UNITED STATES .- The Railway Annual for 1859 states that in nine years, or from 1850 to 1859, the railways of the United States have increased from 7,355 to 27,944 miles in length. In this period the increase in the New England States amounted to 62.74 per cent., while in eight of the Western States the increase was 1,20141 per cent. At the same time, the former gained in population 16.12 per cent., and the latter 48.22. The total cost of the roads, up to 1859, amounted to \$365,451,070, of which large sum it is supposed one-third has been wasted in construction. There are at this time 28,000 miles of finished roads in the United States, and about 16,000 either under construction or projected, requiring \$400,000,000 for their completion. It is estimated, however, that many years must elapse before sufficient capital can be diverted from other objects to carry them through. In the meantime, many projected in a spirit of rivalry to other roads will be abandoned. It is calculated that 20,000 miles of railway are sufficient to do all the business of the country at the present time, and that 8,000 miles have been constructed in part in rivalry to other roads, which have proved a dead

The average cost of railways per mile in the New England States has been \$36,328; in the Middle States \$40,919; in the Southern States \$22,966; and in the Western States, \$36,333. The reason assigned for the cheapness of construction of railroads at the South is that they were built on the cash plan. Among the net earnings the Panama shows the largest returns, being \$29,564 per mile; and those earning the least, or nothing to stockholders, are found in Maire, Vermont, Mississippi, Missouri, Iowa, Illinois, New York. &c. The list of dividend paying roads comprises seventy-eightamong which two pay an annual dividend of 12 per cent .: nine 10 per cent ; two 9 per cent.; ten 8 per cent.; six 7 per cent.; thirty 6 per cent.; five 5 per cent.; one 4 per cent; one 2½ per cent.; and one 2 per cent. The list of delinquent companies on stocks or bonds amounts to thirty-three. The total bonded debts of the American railways, all of which mature between 1859 and 1874, amount to \$411,199,702. It is related of a Kentuckian, who was sorely puzzled by the cooks' French of a hotel bill of fare that he finally
